

*Dr. H. K. Shawver*

October 6, 1952

Dr. Edward L. Haenisch  
Professor of Chemistry and  
Chairman of the Department  
Wabash College  
Crawfordsville, Indiana

Dear Dr. Haenisch:

Additional letters, including questions and problems to be discussed at the Conference of College Chemistry Teachers on November 14 and 15, came in since my letter was mailed to you October first. I made an abstract of the main questions and/or copied some statements verbatim. These letters may be returned with those mailed last week. There is no particular hurry except that possibly we should review them carefully before Shawver and I mail our final announcements to the various colleges about October 22 to 25.

We shall be glad for any suggestions concerning the preparation for the conference.

Sincerely,

W. S. Haldeman

I am mailing a copy of these additional questions to Dr. Lewis for reference. WSH
