

October 31, 1953

Dean Marshall B. Hulbert
Lawrence College
Appleton, Wisconsin

Dear Dean Hulbert:

On behalf of the Midwestern Association of Chemistry Teachers in Liberal Arts Colleges I want to express the Association's gratitude and appreciation for the generous and cordial hospitality extended by you and staff on Saturday, October 17. All of us enjoyed the opportunity to view the new buildings so economically constructed and so efficiently used. I know that many of the Association's members envy Lawrence College's Art Building and program.

Please extend to the members of the dormitory dining service our appreciation for their bountiful and tasty luncheon. It was delicious food, delightfully served. We appreciate what it meant to those student waiters to remain behind on campus instead of heading for that very important and eventful football game. To all the members of the faculty and staff who assisted in guiding the members around the campus also please extend our thanks.

You and Lawrence College did much to make the first meeting of our Association one of its most memorable ones.

Most cordially yours,

Edward L. Haenisch
Professor of Chemistry
Chairman of the Department
Chairman of the Executive
Committee of the Midwestern
Association
