

Return to Shawver

November 8, 1952

Professor Edward L. Haenisch
Wabash College
Crawfordsville, Indiana

Dear Professor Haenisch:

The total number of participants who have made reservations is sixty as of ~~Saturday~~ ^{Monday} afternoon. They represent thirty seven colleges and C & E News (Inskip will be here for the sessions Friday afternoon and evening). It is probable that Monday's mail will bring a few additional reservations. For example, we have not counted anyone from your school to this date, even though you indicated earlier that there would be another beside yourself. The staff members from Monmouth are not included in the sixty. Four wives will be here and they are not included in the sixty. Among the sixty are two ladies. One of them is from Aurora College; the other is from William Penn.

Huddy is in St. Louis today for the Midwest Award meeting. I have undertaken to bring you up to date during his absence. Currently he is expecting that you will arrive in Galveston Thursday evening November 13, at 7:07.

All of us are anticipating your visit to our campus. Next weekend promises to be one of the highlights of our year. We are pleased that you are finding it possible to give so freely of leadership.

Yours sincerely,

Ben F. Shawver
Associate Professor of Chemistry
