Department of Chemistry  
Monmouth College  
Monmouth, Illinois

Dear Mr. Haldeman:

This is to thank you for your letter of October 11 containing news about the coming conference of college chemistry teachers to be held on your campus next month. I regret that since the November issue of the JOURNAL is in press, we shall not be able to use this news item. Being a monthly magazine, the JOURNAL is under a considerable handicap in reporting up-to-the-minute news. Ordinarily we have to have any information that we use in our "The Reporter" department at least a month and a half before the date of issue.

The conference is of more than the usual interest to me because I am acquainted with Professors Garrett and Lewis, who are among the speakers.

Heartiest congratulations to you personally and to Monmouth College on the outstanding record you have made in the training of chemists as shown in the article by Professor Lewis.

Sincerely yours,
