Conference of College Chemistry Teachers
Department of Chemistry
Monmouth College

Dear Professor Haldeman:

Thank you for your letter of October 11.
I have passed along to Washington the news
item on the Chemistry Teachers' Conference
and trust that it will appear in CHEMICAL
AND ENGINEERING NEWS very shortly. I
am still hoping to be on hand for the
Conference, and assume that you will see
that a program is mailed to me as soon as
it is available.

Cordially yours,
