Dear Dr. Oelke,

Thank you very much for the kind remarks about my book. I shall be very happy indeed to allow you to use material from it.

I should point out, however, that the copyright rests with John Wiley and that you should, therefore, also request permission from them. I am quite certain that they will be only too delighted about permission.

I hope that your project for the Midwest Association is both rewarding and successful, and I wish you the best of luck in this.

Yours very sincerely,

Howard Purnell
