TWENTY-EIGHTH ANNUAL MEETING OF MACTLAC

MIDWESTERN ASSOCIATION OF CHEMISTRY TEACHERS
IN LIBERAL ARTS COLLEGES

October 17 and 18, 1980

Plan now to attend the Earlham meeting. The MACTLAC meeting is an excellent opportunity for sharing ideas with other chemists in liberal arts colleges. A special feature of this year's meeting is the inclusion of chemists from colleges in Ohio (as approved by the MACTLAC executive committee last year). We at Earlham look forward to having you on our campus and to having you inspect our chemistry/biology building which has a number of innovative design features. Please send the enclosed pre-registration form before October 1.
