Dr. William A. Deskin, Secretary - Treasurer
Midwestern Association of Chemistry Teachers
In Liberal Arts Colleges
Cornell College
Mount Vernon, Iowa

Dear Dr. Deskin:

I appreciate very much your letter of December 6, 1961 and the sentiments expressed by the members of the Midwest Association of Chemistry Teachers in Liberal Arts Colleges for my small part in the founding of the present strong and effective organization.

My thoughts return pleasantly to those two days in November 1952 when a group of ~~of~~ chemistry teachers met on the Monmouth College campus to discuss their problems and aims in teaching. This is the group that became the the founder of the Midwest Association of Chemistry Teachers in Liberal Arts Colleges.

Monmouth College was honored not only by the founding of this organization but also by the presence of the founders who were guests of the college as a vital part of the 1952-53 Centennial Celebration of the founding of Monmouth College.

You may wish to file the enclosed copy of the 1958 Monmouth College Directory of Chemistry Alumni.

Best wishes for the continued development of MACTLAC.

Sincerely,

William S. Haldeman
