Mr. Richard Ramette
Secretary-Treasurer of MACTLAC
Carlton College
Northfield, Minnesota

Dear Mr. Ramette:

The faculty of the Department of Chemistry in the College of Liberal Arts of this University joins me in this invitation to the Midwestern Association of Chemistry Teachers in Liberal Arts Colleges to hold its annual meeting on the Drake campus in the autumn of 1962.

It is my understanding that this is an honor which we have not had, at least for several years. We believe our facilities to be adequate to the occasion. It would give us genuine pleasure if we might be host to this distinguished organization. We will do all within our power to make your stay here pleasant and profitable to each member.

Sincerely,

Dear Dr. Ramette:

I note that you have not yet decided on a location for the 1962 meeting of your association. On behalf of Manchester College I wish to invite you to meet on our campus for your 1962 meeting. Our chemistry teachers have been enthusiastic about the work that your association has been doing through the years, and it would be a distinct pleasure for us to serve as hosts for your meeting.

It also seems to me that this would be an appropriate time for you to visit Manchester College. We have just completed our new Hall of Science and expect to dedicate this building in April of 1960. We would be delighted to have you see these new facilities here at the college.

Sincerely yours,

A. Blair Helman

December 11, 1959

Dear Dr. Deskin:

The head of the Chemistry Department at Luther College has recommended to me that the Midwestern Association of Chemistry Teachers in Liberal Arts Colleges be invited to have the annual meeting at Luther College in 1962. In accordance with this recommendation I am extending the invitation to you.

Luther College will be pleased to be host to the convention in that year. A new hall of science will have been completed the year previous and we can therefore be proper hosts. We think too that the chemistry teachers in attendance at such a convention will be interested in seeing the new science facilities here.

Will you be so kind as to direct this invitation to the proper committee.

Cordially yours,

J. W. Ylvisaker

Dear President Cole:

Thank you very much for your cordial invitation to MACTLAC. The idea of meeting on your campus in 1961 is certainly an appealing one.

Action on this matter will be taken next October when we have our annual meeting in Valparaiso, Indiana. At that time the executive council will consider the geographical spread of recent meeting locations. Our policy is to alternate between fringe and central locations for meetings, so that all of our members in the seven state area will have regular chances to attend without traveling too far.

Your interest in MACTLAC is greatly appreciated.

Sincerely,

Richard W. Renette

Attention: Executive Council of Midwestern Association of
Chemistry Teachers in Liberal Arts Colleges

Dear Mr. Ramette:

Milwaukee-Downer College would like to extend a very cordial invitation to the Midwestern Association of Chemistry Teachers in Liberal Arts Colleges to hold its fall meeting in 1962 or 1963 on our campus. We would be happy to provide dining and meeting room facilities and the College is located just fifteen minutes from the downtown area where ample housing should be available.

We shall look forward to hearing from you and hope you will find it possible to accept our invitation.

Sincerely yours,

John B. Johnson, Jr.

Dear President Johnson:

Thank you very much for your cordial invitation to Mastline to hold the 1962 or 1963 meeting on your campus. I shall bring this before the executive committee at the coming meeting.

In deciding on locations for meetings we try to skip around from state to state so that all members have approximately equal opportunity to attend. It may be that we will delay the decision for 1962 until next fall, but I will let you know as soon as the situation is clear.

Once again, thank you for your interest.

Sincerely,

Richard W. Zanette

Dear Sir:

I regret I will not be able to attend the meeting this year at Valparaiso. I had hoped I would be able to do this but I find I cannot spare the time. We are just now moving into our new Building.

Alma College would be happy to host a meeting of the Association. If this is not possible for 1962 we would like it to be considered a standing invitation for any date that may open in the future.

Sincerely yours,

Howard Potter
