

PROPOSED PROGRAM FOR MACTLAC MEETING

St. Olaf College, Northfield, Minnesota
October 8-9, 1971

Friday, October 8, 1971

*1:15 Opening Convocation: Dr. W. Wayne Meinke,
National Bureau of Standards

Refreshments

3:30 Group Discussions

- * Analytical Chemistry and the Environment, Dr. Meinke
- * Methodology in Science Teaching, Dr. James Finholt,
Carleton College
Demonstration of a teaching booth for general chemistry
- * Non-major courses in Chemistry, Dr. Jerry Mohrig,
Carleton College
- * Laboratory Exercises in Stoichiometry, Dr. Richard Ramette
Carleton College
A laboratory experience for the participants illustrating
some novel experiments.
- * Atomic Absorption Experiment, Dr. John Marshall,
St. Olaf College
A hands-on experience in atomic absorption for participants
- * Sources and Uses of Computer Programs for Chemistry,
Dr. George Hardgrove, St. Olaf College
Information on available programs and organizations which
exchange programs and hands-on experience with some programs
for the IBM 1130 Computer
- Political Aspects of Environment Control, Phil Thompson

- Snowmass Conference on Chemical Education, Braestad or Fuller? (8)
- Tricks of the Trade
- Interdisciplinary Courses
- Short Course in Orbital Symmetry in Organic Chemistry (9)
- Information Retrieval Services 20 - 20 - 20
new
- The Fiscal Problems of Chemistry Departments How to live within tight budgets (10)

Bill
Newell
10/9/71

6:30 Dinner 11/12
Movie: "Man in the White Suit"

Saturday, October 9, 1971

Rob - West

- 8:30 Short talk by Dr. Haenish on the state of Chemistry in liberal arts college.
- 9:45 Group Discussions as above
- 11:00 Business Meeting
- 12:00 Lunch

* Indicates that the person named has agreed to accept the assignment.

- Indicates that no person has been confirmed.
