

EDUCATION WITH A CHRISTIAN PURPOSE

February 11, 1985

Anne Sherren
Secretary/Treasurer MACTLAC
Chemistry
North Central College
30 N. Brainard Ave.
Naperville, IL 60566

Dear Anne:

I would like to nominate Jerry Baird for honorary membership to MACTLAC. Over the years Jerry has provided continuous support to the Associated Colleges of the Chicago Area as he has served as a liason between that group and Argonne National Laboratories. He has looked out for the interests of the colleges that belong to ACCA as he has worked in the educational division of Argonne. He has arranged for the association to use Argonne's equipment and its classroom facilities. Last year he arranged for the chemistry division of ACCA to use classroom space at Argonne for its cooperative polymer course.

Jerry has been a supporter of MACTLAC as well. It is my understanding that he has attended numerous meetings of MACTLAC.

As a token of our appreciation to Jerry for a job well done I would request that he be made an honorary member of MACTLAC and that he be given all the rights and privileges that honorary membership carries.

Sincerely,

A handwritten signature in cursive script that reads "Larry Ferren".

Larry Ferren
MACTLAC member
Secretary of Chemistry Division of ACCA
