

October 18, 1952

Dr. Larry F. Lewis, Dean  
The Institute of Paper Chemistry  
Appleton, Wisconsin

Dear Dr. Lewis:

For your convenience I am enclosing the Hotel Custer reservation, for November 14 and 15. When you arrive in Galesburg you may go directly to the Hotel which is about two blocks distant from the railway station. We expect to send a car to the Custer Hotel to bring you to Monmouth in time for the dinner which will be served in the college dining room at 6:15 or 6:30.

There are two fine streamliners from Chicago to Galesburg as follows:

Nebraska Zephyr leaves Chicago	12:30 P.M.	arrives in Galesburg	2:55.
California Zephyr .. .. .	3:30 P.M.	.. .. .	5:45.

Five additional colleges have accepted invitations to send one or representatives. No additional questions different from those mailed to you have been included in these recent letters.

A final program and possibly other information will be mailed to you before the end of October. In a letter received from Dr. Hrenisch today he indicated that he is attempting to group the various questions, of which you have a copy, into several classes. It might be well for you to drop a note to him asking for a copy and other suggestions which he might wish to give about his plans.

Yours sincerely,

W.S. Haldeman  
General Chairman  
Conference of College  
Chemistry Teachers
