Dear Dr. Zimmerman:

We would like the Executive Council to consider St. Norbert College as the site for the 1972 MACTLAC Meeting.

We are in our new science facility for about three years now and would be able to accommodate this size group.

If we are chosen, we would like to hear about it at your earliest convenience.

Sincerely,

Larry Motiff  
Professor of Chemistry

Dear John:

Thank you for your letter of September 6. It's fine with me for you to credit my payment to my 1971 dues.

By now you should have a letter from Father Raynor inviting MACTLAC to meet here in 1972. I realize the Association probably has a number of other invitations, but I hope the executive committee will accept ours. Our facilities really are quite nice, and our faculty is eager to host the meeting.

Sincerely yours,

Dear Professor Zimmerman:

Marquette University would like to offer its facilities to the Association as a site for the 1972 convention. The new Todd Wehr Chemistry Building, with its 308 seat auditorium and seven smaller lecture halls and classrooms, would serve admirably as a meeting place. Larger auditoria exist elsewhere on our campus, and could be used if desired. Dining facilities are located in the Student Union across the street from the Chemistry Building. Adequate hotel space is available in Milwaukee, some of it within walking distance of the campus.

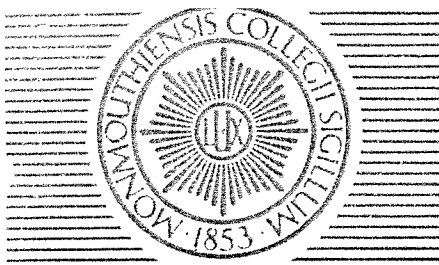

The calendar of Marquette features a study day on the Friday preceding the middle week of each semester. No classes are held on this day, thus freeing our facilities for your use. For example, this year October 16 is the study day.

The faculty of the Chemistry Department and I hope you will consider our offer favorably.

Sincerely yours,

Dear Dr. Zimmerman:

Thank you for your recent letter indicating that the 1970 Executive Council meeting of the Midwestern Association of Chemistry Teachers in Liberal Arts Colleges will meet October 9 to consider, among other things, the 1972 meeting site.

We shall appreciate very much hearing from you when your decision is reached and, naturally, hope that the "off the record" sentiment of the 1969 Executive Council will prevail.

Sincerely,

Richard D. Stine  
President

My dear Doctor Zimmerman:

I am pleased to write on behalf of my colleagues in the Chemistry Department renewing our invitation to the Midwest Association of Chemistry Teachers of Liberal Arts Colleges to meet on the Drake University campus in October 1972. We would be pleased to be hosts to your organization and would look forward to providing the facilities to contribute to a successful conference.

I know that I express the wish of my colleagues throughout the University, as well as in the Chemistry Department, when I renew this invitation.

Sincerely yours,
