

## MIDWESTERN ASSOCIATION OF CHEMISTRY TEACHERS IN LIBERAL ARTS COLLEGES

### MEETING DATE ANNOUNCEMENT

The 5th annual meeting of MACTLAC is to be held at Wheaton College, Wheaton, Illinois (suburb of Chicago) Friday and Saturday, Oct. 19 and 20, 1956. The tentative program indicates a fine tour of the Argonne National Laboratories on Friday afternoon for everyone. The traditional discussion group, however, will remain essentially intact and will be held on Saturday. Outstanding speakers, as usual, will also be on the program. You will receive specific details about the complete program, housing, etc., about Oct. 5, 1956. Hope you can be with us.

### PROPOSED AMENDMENT TO THE CONSTITUTION

The executive council on Oct. 27, 1955 voted unanimously to amend Sec. 3, Article V, of the constitution to read: "Each state shall elect its representative by nomination and vote of its own group of members present at the annual business meeting. On even-numbered years four council members are to be elected and on odd-numbered years three members are to be elected". The amendment is essentially the second sentence of the above statement. According to Article VI, Sections 2 and 3, a proposed amendment must be circulated to all members along with the notices of the annual meeting. If no more than 10% of the members file written objections at least 10 days before the annual meeting and if a majority of those present at the annual meeting approve, the amendment shall be adopted.

The above amendment was proposed to increase the continuity of service of the executive council.

### DELINQUENT DUES.

It was the unanimous recommendation of the executive council that members with dues in arrears several years shall be dropped from the membership.

### NEW ASSOCIATE MEMBERS VOTED IN

The following were approved for associate membership by the executive council:

J. A. Campbell, Oberlin College, Oberlin, Ohio  
W. W. Lindstromberg, U. of Omaha, Omaha, Nebraska  
Robert Marschner, Standard Oil Foundation, 910 S. Michigan Ave., Chicago 80  
Bayes M. Norton, Kenyon College, Gambier, Ohio
