

BELOIT COLLEGE

BELOIT, WISCONSIN

OFFICE OF THE PRESIDENT

September 20, 1957

Professor Richard W. Ramette
Secretary-Treasurer, MACTLAC
Carleton College
Northfield, Minnesota

Dear Professor Ramette:

Beloit College has been interested in having the Midwestern Association of Chemistry Teachers in Liberal Arts Colleges hold its annual meeting on our campus for several years now. I extended an invitation to your group in October of 1955 and indicated at the time that we would be delighted to accommodate your association the first year that such would seem appropriate. I wish to stress this point to you again, therefore, and extend a most cordial invitation to your association to meet at Beloit College in the fall of 1958.

I have talked this matter over with Professor Edward C. Fuller and the other members of our Chemistry staff and they are all in thorough concurrence with the invitation. I would even want to say that should there be reason why it is not fully desirable to choose Beloit as the meeting place in the fall of 1958, I would want you to consider this offer a continuing invitation to use our campus facilities whenever it would be most convenient.

Sincerely yours,

Miller Upton
President

MU:dk

CC: Professor Fuller

23 September 1957

President Miller Wpton
Feloit College
Feloit, Wisconsin

Dear President Wpton:

Thank you very much for your renewed invitation to AASA, offering the Feloit campus for the 1958 meeting. In view of our policy of not meeting fringe area and central locations, it did not seem that the coming 1957 meeting should be held on your campus, but I feel quite confident in speaking for the executive council as far as accepting your invitation for next year is concerned.

We are grateful for your continued interest in the Association, and are looking forward to visiting your campus.

Sincerely,

Richard L. Lenoire
Assistant Director of University, and
Secretary-Treasurer, AASA
