Dear Dr. Oelke:

The mimeographed report "A Pressure Jump Rate Study for an Undergraduate Physical Chemistry Laboratory" by E. M. Eyring, T. W. Keller, and R. P. Jensen has never been published. At one time, we intended to submit it for publication to the J. Chem. Ed., but as I recall we never did so. We would be pleased to see it published under our names in the MACTLAC PHYSICAL CHEMISTRY MANUAL. A footnote to the experiment should acknowledge NSF support.

Sincerely yours,

Edward M. Eyring
Associate Professor
