

REACTIONS TO THE 1978 MACYLAG MEETING

SUGGESTIONS FOR NEXT YEAR'S MEETING

If our annual meetings are to continue their effectiveness, we need to make our feelings known. Please hand in your completed copy of this short questionnaire to any Carleton chemist before you leave or mail it to Richard Komette, Department of Chemistry, Carleton College, Northfield, Minnesota 55057.

Indicate the strength of your agreement or disagreement with the statements below by circling the appropriate number according to the following scale:

- 1 - Disagree strongly; 2 - Disagree; 3 - Neither agree nor disagree; 4 - Agree; 5 - Agree strongly

If you feel that you have little or no basis for an opinion about a statement, do not circle any number, but mark (X) in the space at the right.
