Clinton, Iowa

Dear Dr. Fetzer:

The enclosure is a copy of the program of the Conference of College Chemistry Teachers. We thought that it would be of interest to you to see how we have related the meeting of the Illinois-Iowa Section to the Conference.

Haldeman is in St. Louis this weekend for the annual Midwest Award meeting.

We are looking forward to your visit to Monmouth a week hence.

Yours sincerely,

Edw F. Sawyer  
Associate Professor of Chemistry
