

THE COLLEGE OF ST. CATHERINE
ST. PAUL 5 MINNESOTA

DEPARTMENT OF CHEMISTRY

October 15, 1958

Dear Dr. Ramette,

Dr. Larson asked me if it would be possible to have the dinner meeting of MACTLAC here at St. Catherine's in 1959. I assured him that we had already planned to have it; that is, when Dr. Lewis talked about the possibility of having the meeting in the Twin Cities it was tentatively agreed that the evening meeting would be here.

I have asked the president about the possibility and she tells me that several dates for next year are already set. Would you like to look at the schedule of possibilities and reserve one of these dates now before it is promised to some other group? Perhaps it should be done as soon as possible.

Evening of October 16	No	Saturday luncheon would
23	Open	be impossible on the same
30	Open	weekend as Fridays which
November 7	No	are impossible.
14	No	

Very sincerely yours,

Sister Marie James
