Dear Ben:

Dr. Garrett called from Columbus, Ohio, while Dr. Lewis and Dr. Haenisch and I were at breakfast. Since Lewis and Haenisch decided that Lewis' topic would fit well for starting the group discussions Lewis will give his talk on Friday Nov. 14 and Garrett will take the Saturday P. M. place.

Each of the men will send the exact title of the talks to Monmouth by the latter part of next week. Dr. Haenisch thought it best not to schedule anything at the hour which Mr. Thwaite was to occupy on Saturday. Haenisch thinks his group needs that hour to work on the final reports of their discussions.

The meetings are fine. I'm  
meeting many acquaintances,  
including alumni. Will  
return to Monmouth on the  
22 or 23rd.

Sincerely,  
Haldy  
Hello to  
Dr. T. Hiesen  
and Dr. Vallenga.
