

ARCHIVIST REPORT

Material is been collected and organized. A display was presented at the Wheaton Meeting and another one is planned for the Westminister Meeting. Photgraphs from the Wheaton meeting were received and we hope to be taking informal shots at future meetings. Anyone wishing to share materials is encouraged to contact the Archivist-Dr. Anne T. Sherren, North Central College, Naperville, IL 60566.

Respectfully submitted,

Anne T. Sherren
Archivist

10/9/87

PLACEMENT SERVICE REPORT:

	1983-84	1984-85	1985-86	1986-87*
Applicants	2	5	10	6
Positions	4	27	20	5

*First year that I was Placement officer.

Of the 5 position notices 20% were Analytical (and was in industry), 20% were Biochemistry, 40% were Physical, and 20% were laboratory coordinator type positions. Also received were two notices for part-time general chemistry work.

It is evident that each time that there is a change in the place of the placement officer that the next year that there is a decline in the number of applicants. I hope that 1987-88 will be a year with more activity in this office.

Respectfully submitted,

Anne T. Sherren
Placement Officer
