D. C. Heath and Co.  
Boston, Mass.

Dear Sirs:

This is to ask your permission to use tables in the appendix of my laboratory manual, Semimicro Qualitative Analysis (William C. Oelke) Boston: D. C. Heath and Co. 1950 now out of print as a portion of the above manual. The MACTLAC Physical Chemistry Manual is soon to be published by Van Nostrand under the title: Laboratory Physical Chemistry. I would like to use Tables II, III, IV, and V and probably the log tables; i.e. pp 348 through 365 of the Semimicro Qualitative Analysis.

Permission to use the above mentioned pages will be very much appreciated, and will save me many hours of working up new tables which can be no better than the above.

Sincerely yours,

William C. Oelke
