Department of Chemistry  
Wabash College  
Crawfordsville, Indiana

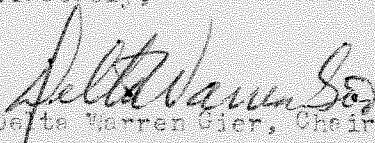

Dear Dr. Petersen:

Thank you for your note of September 30. As you may know, the Municipal Airport is located very near the heart of Kansas City. In fact, it is almost directly across the river from the Town House Hotel. You can either take a bus or taxi to the hotel with only a few minutes ride.

We will either arrange for someone at the hotel to contact you, or will send the station wagon in on Friday morning to pick you up at about 7:45. If no one contacts you before 7:45, one of my boys will meet you and any others in the hotel lobby. I'll have him carry a MACTLAC identification card. If you have any difficulty with your arrangements, please don't hesitate to call me at SHERWOOD 1-2905.

We are sorry the rest of the Wabash gang won't be with us, but are happy you can get away to represent them.

Sincerely,

  
Delta Warren Gier, Chairman  
Department of Chemistry
