Dear Dick:

I thought you might be interested in a few statistics concerning my activities as Director of the MACTLAC Teacher Placement Directory for the past year.

The number of inquiries can perhaps be most easily summarized by reference to the following table:

<u>Field of Chemistry</u>	<u>Applicants</u>	<u>Positions</u>
Analytical	4	5
Biochemistry	4	3
Inorganic	7	5
Organic	14	1
Physical	5	6
General	1	3
TOTALS	35	23

You will see that once again the numbers are about the same as they have been in other years, with roughly the same distribution by field, as in the past.

I have already received some inquiries regarding openings for the fall of 1969. Consequently, if MACTLAC wishes me to do so, I will be glad to continue as in the past. However, I will leave it up to the decision of the Executive Council Meeting.
