

MEMORANDUM

Beloit College  
Beloit, Wis.  
Sept. 24, 1956

To: State Executive Council Members of NACTLAC  
From: F. J. Mathews, Treasurer of NACTLAC

In a recent council meeting it was agreed upon to have the state representative contact each NACTLAC member in his state who is delinquent in his dues payment and remind him of this fact. Next year we will probably drop members who haven't paid anything since 1954. You will notice in the left hand column of the membership list a number notation in front of each member. The number "654", for example, means dues have been paid in 1956, 1955, and 1954. I suggest that you contact those members with only "4" in front of their name and indicate what will happen if they do not pay at least \$1.00. Also can you indicate to me those people who have moved from the seven-state area that NACTLAC includes.
