

V.P. Shawver

October 7, 1952

Dr. W. K. Fetzner, Chairman  
Illinois-Iowa Section of the  
American Chemical Society  
c/o The Clinton Industries  
Clinton, Iowa

Dear Dr. Fetzner:

As general chairman of the Conference of college chemistry teachers to be held on the Monmouth College campus on November 14 and 15 in connection with our Centennial Anniversary, I want to invite you and the Illinois-Iowa section of the A.C.S. to be present at the Saturday evening meeting and officially take charge of the proceedings as is the custom at our regular monthly meetings.

We are furnishing the speaker, Dr. Volwiler, but since you know him well it would seem proper for you to introduce him unless you think the chairman of the program committee of the Illinois-Iowa <sup>section</sup> should take care of the introduction.

Dr. Shawver asked me to find out whether or not you think we should invite the ladies to come with you to the meeting.

We will give you information about the dinner and other matters at our next meeting.

Sincerely,

W.S. Haldeman
