

Research Student Information (RSI document)

Instructions: Please provide the following information and then submit it to the research coordinator in the first week of the semester. Complete a new sheet for each semester.

Semester: ___ Fall ___ Spring Year: _____

Research Advisor: _____

Your Name: _____ Nickname: _____

Preferred Email: _____ (optional)

Phone #(s): _____ (optional)

INSTRUCTIONS:

- 1) Mark with an "X" all of your classes.
- 2) Mark with an "X" all of your known other time commitments.
- 3) Mark with a "CHEM 430" when you will be conducting research for this class. For new research students, it is critical for you to schedule your research time in conjunction with your adviser's schedule.

NOTE: Credit units for Chem 430 are treated as "lab" credits meaning 0.25 credit = 4 hours in lab. Therefore, a 0.25 credit Chem 430 course = 4 hours/week (56 hrs/semester); a 0.5 credit Chem 430 course = 8 hours/week (112 hrs/semester). Please remember that even with lab credit, outside "study time" is still required.
